Press release

An electrical engineering contract worth nearly €3 million for SPIE Ile-de-France Nord-Ouest

Servier, the leading independent pharmaceuticals group in France and third biggest in the world, is extending its research centre (IDRS\*) in Croissy-sur-Seine.

The new building, representing an investment of more than €40 million over four years, will provide an area of about 21,000 sq. m. As part of this project, Servier has entrusted the Commercial Sector Electrical Contracting department SPIE Ile-de-France Nord-Ouest with electrical engineering work worth more than €2.9. The contract includes:

- high-voltage installations: HV/LV transformer substation and UPSs;
- low-voltage installations: fire detection, voice-data-images, access control and video systems;
- laboratory systems: lighting, electrical cabinets and boxes.

The work is due for completion in 13 months: by December 2008. \* IDRS : Institut de Recherches Servier (Servier Research Institut) Contact SPIE SA
