Press release

SPIE announces the finalisation of its acquisition of the APX subsidiary specialising in facilities management

Paris, 28 August 2012 □ The SPIE Group announces the completion of the takeover of the APX group's facilities management subsidiary by SPIE Communications.

Having secured the approval of France's competition watchdog, Autorité de la Concurrence, on 9 August, the SPIE Group yesterday concluded its takeover of the APX subsidiary specialising in facilities management in line with the pre-arranged schedule. The APX group's facilities management subsidiary has 1,030 employees and achieved sales worth €58 million in 2011. APX's facilities management business (providing local services along with facilities management) is complementary to that of SPIE Infoservices, a subsidiary of SPIE Communications. The company, which maintains close ties with its customers (major clients and administrations) operates from the following four main services centres: helpdesks in Rungis (Val-de-Marne) and Lyon (Rhône), remote services in Echirolles (Isère) and logistics in Herblay (Val-d'Oise).
