

Since its founding, SPIE has pursued continuous development in France and abroad. With close to 600 locations, the Group now has the capacity to provide local services to its customers in 38 countries.

SPIE's head office is located in Cergy, a suburb of Paris, France.

Outside France - where it was founded - SPIE has compiled a vast network of expertise in Europe, Africa, the Middle East, Asia and South America.
To manage this network, SPIE relies on a decentralised structure of **multi-technical subsidiaries** and **specialised subsidiaries**.

The variety of businesses and cultures within these subsidiaries enables employees to enrich their skills with experience in different economic, technical and geographic contexts. This diversity ensures that relations are based on listening and dialogue.
