Press release

SPIE Ile-de-France Nord-Ouest renovates social housing units in Seine-Maritime

Habitat 76, a social landlord in France's Seine-Maritime department, manages more than 28,000 homes across 190 communes. Following an invitation to tender in November 2014, SPIE Ile-de-France Nord-Ouest has won a contract for work to be carried out over a two-year period.

This work, entrusted to teams from the Haute-Normandie housing department, consists in renovating the boilers and ventilation systems for flats and individual homes on some 90 sites throughout the Haute-Normandie region.

The quality of housing renovation work already carried out by SPIE's local teams was a key factor in securing this contract covering more than 1,000 homes.
