Press release
SPIE postpones its Initial Public Offering

Cergy, October 9th, 2014 - SPIE announces the postponement of its proposed initial public offering on the regulated market of Euronext Paris.

The subscription period, which opened on September 29th, has closed and the final pricing of the offering was to be decided today by SPIE's Board of Directors. Given the particularly volatile market conditions, SPIE's Board of Directors has decided to postpone its initial public offering.

With the support of its teams and its shareholders, SPIE will pursue its development and growth strategy as the independent European leader in multi-technical services.
